Major Merrill received himself at the Farmers' Elevator last Saturday, 16 loads of wheat, and did all the weighing, paying, etc. A pretty good day's work. The Major has gained much credit with the farmers as a reliable, honest, giving-all-the-market's-worth dealer.

President S. M. Palmer, of the Democratic convention, had much to say about the rings which were weighing Salina county down, etc. He of all others present, was best posted on that proposition, for there never was a ring in Salina county to which he did not belong, and was acting as chief manipulator of the Democratic party in its behalf—in the same way that he was last Saturday manipulating the Democracy in behalf of the Impromptu ring.

A mill-wright by the name of Beebe who has been working on the Good-nod mill recently went to Enterprise, Dickinson county, and while there met a number of parties from Hope, same county, who talked up the construction of a mill at that place, on the strength of the Topeka, Salina & Western railroad. They were enthusiastic over the road, informing Mr. Beebe that the graders were still at work near that town. Hope in a direct line is about 31 miles from Salina.

Every visitor to the Fair should see the fine display of cereal products from Kansas and Nebraska at Odell & Andrew's new building. These have been gathered and prepared for exhibition by Mr. E. R. Tuttle, traveling agent for the Union Pacific railroad. Mr. Tuttle deserves much credit for this interesting exhibit, which also formed a prominent part of the McCormick Harvesting Machine Co. at the St. Louis Fair, arranged by D. W. Pratt and his charming assistants, several of whom may be found at Odell & Andrew's parlors and platform on the Fair Ground—Centralia (Ill.) Democrat.

We regret very much to chronicle the death of Percy Gray, son of Mr. I. H. Gray, who died of consumption at his father's residence last Monday afternoon, at the age of 18 years. The funeral occurred yesterday at the family residence. Percy was a young man of many excellencies of head and heart, and had lived and his health permitted, was and indeed to see him thus cut down at the threshold of manhood. Many are the regrets expressed at his death, for he held a high place in the hearts of his acquaintances.

Mr. John Holmgvist, a substantial, honorable and Republican farmer of Smolan township, stated to Dr. Bishop and Mr. Robert Muir after the Republican convention had been held, that he was approached by certain men in Smolan township before the primary elections were held, and asked to become a delegate to the convention. The men stated to him that they wanted to elect a delegation to the county convention which would be in favor of nominating a weak ticket. Mr. Holmgvist immediately replied that he would not be a delegate under such circumstances. Mr. Holmgvist was too honorable a Republican and man to engage in any such scheme.

Mr. J. J. Crippen has in his possession a large collection of autographs of the most distinguished men of our country. It is the shape of a call for the organization of a congressional campaign committee, and signed by Sumner, Garfield, Edmunds, Blaine, Morton, in fact by a large portion of the Congress of 1883. Autographs in blue ink, black ink and even in pencil appear upon the document. Some of the names have grown dim and in one or two instances cannot be made out; but luckily the dim names are not those the most distinguished. The document was given to Mr. Crippen by his brother, who was then secretary of one of the Senate Committees.

The numerous friends of Mr. Will Mitchell will be very much pleased to read the following item, taken from the Muscatine (Iowa) Daily Tribune of Oct. 18:

Mitchell—Gibbons—At the residence of the bride's parents on Fifth street, Wednesday evening, Oct. 17th, at 7 o'clock, Rev. G. F. Linfield officiating, Mr. Will Mitchell, of Salina, Kansas, and Miss Emma Gibbons, of this city.

By the above notice it will be seen that the young men of our city have not been awfully A stranger, to many of us, has come in our midst and succeeded in capturing one of Muscatine's fairest daughters, and departed last evening with his fair treasure for the far-away Kansas.

The groom is said to be one of Salina's prominent young business men, while the bride is known in this city as one of our most accomplished ladies, who has been born and raised in our midst.

The wedding last evening was attended by a number of intimate friends and relatives. The couple entertained their friends at a sumptuous dinner, and boarded the train bound for their home in Kansas. They too, will receive the good wishes of their friends in this city.

The County Democratic Convention was held last Saturday at the court house. S. M. Palmer was elected chairman and H. E. Bowen secretary—both of the temporary and permanent organizations. It was apparent to the observer that it was a carefully arranged affair in the interest of the Impromptu ticket. The house of the ring had been working night and day to accomplish an endorsement of the Impromptu ticket by the convention, and it was accordingly done. One delegate declared that while the Democrats did not desire to give up their organization in this city, the act of endorsement was for the purpose of securing "future patronage" for the Democratic party. The only thing in the shape of the platform agreed upon by the convention was a resolution announcing themselves in favor of submitting the Prohibition question.

These Impromptu ringers have secured as much of an endorsement from the Democratic party for their ticket as it was in their power to do—promising to return the whole Swedish vote for the Democracy next year. We don't believe the Swedish people will allow themselves to be tricked off to the Democracy in this way. It was anticipated that the Impromptu would swallow the Democracy last Saturday, and thus no one was disappointed.

We again call the attention of our farmers to the importance of handling in reports of their respective yields of wheat and oats, and their various reports may be collected and published in such a shape as to be a great advertisement of the agricultural resources of Salina county. These figures do more to proclaim to the world the wealth of our soil than volumes of words. Each Salina county farmer is thus telling to the outside world his experience in farming in this country

and individual experience are what the emigrants and home-seekers desire most to know. It will be remembered that a few weeks ago we published the reports of yields that had been received under the direction of Crippen Lawrence & Co. As a result of this publication, read from the Chicago Farmer's Review. That is only one of the many articles which will appear in our paper in the eastern press—all the result of these reports. Let each farmer be sufficiently interested to make his report. It will cost him but little time and trouble and no money.

On last Monday evening a young couple registered at the Wittmann as "Mr. and Mrs. L. They were guests until Tuesday night when they unceremoniously left for parts unknown. Yesterday morning two officers arrived, and by way of explanation said that they were looking for a commercial traveler who was taking a "tour around the world" with a treasure not his own. And the officers still pursue him.

We have tested the "bread power" of the flour manufactured at the new Cambria Mill. We find the flour fully equal, in many particulars, to the best we have in this market, and Salina's flour is famous. Geis & Gibbs have strained every nerve to make their brand fully sustain Salina's good flour reputation and have succeeded admirably. They take in only the best wheat in their custom business. They will not grind damaged wheat for any money. Hence their manufactured goods will be first-class.

The Temperance school organized last March, under the auspices of the W. C. T. U., will be suspended during the cold weather as we cannot obtain a suitable room to hold its sessions. We have enrolled as members over sixty, and an average attendance of forty every Saturday. A committee was appointed from the Union, to confer with the Board of Education, in reference to our using a room in one of the Public school buildings every Saturday for one hour. They did not see fit to grant the request. The ladies who have been engaged in this grand work of teaching the sons and daughters of parents in this city, feel that but few have appreciated the work that has been done. We trust that some thoughts and impressions have been made upon some young minds that in after years may prove a blessing to them. It is with much regret that we under the necessity of closing the school next Saturday, Oct. 27th.

A Card.

Allow me through your paper to thank my many friends who assembled at my home and so kindly remembered me on my natal day. I deeply appreciate your kindness and thank you for the many handsome presents given to me. It shall ever be a bright spot to be remembered and the joys and disappointments of coming days that shall be looked upon with pleasure so long as memory is not effaced.

J. A. ARTHUR.

SALINA KANSAS, Oct. 25, 1888.

EDITH JOURNAL.

It is not as well for each of the candidates for the office of Sheriff to come out openly and tell the people of Salina county whether they are for or against prohibition and not dodge the issue. The voters of this county have a right to know before the November election, and they will insist upon knowing.

Yours very respectfully,

JAMES FROST.

We think well of Mr. Frost's suggestion, and commence "calling the roll" with Mr. Frost's name. How do you stand upon the proposition?

A Big Show Coming.
